

CS 8001
IPaT Seminar
Fall 2026
Instructor: Dr. Carrie Bruce

COURSE DESCRIPTION

This course is designed to introduce students to a variety of topics in Human Computer Interaction.

LEARNING OBJECTIVES

Learning in this course will occur by attending the scheduled talks.

ACCOMMODATIONS POLICY

If you are a student with a disability and you need academic accommodations, please see me and contact the Office of Disability Services (404-894-2563) [http://disabilityservices.gatech.edu/Links to an external site.](http://disabilityservices.gatech.edu/Links%20to%20an%20external%20site) . All academic accommodations must be arranged through that office. They will then contact me with instructions.

STUDENT-FACULTY EXPECTATIONS AGREEMENT

At Georgia Tech, we believe that it is important to strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. The Student-Faculty Expectations articulate some basic expectations that you can have of me and that I have of you. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.

STUDENT WELL-BEING:

At Georgia Tech, we are concerned about your overall physical, social, and mental well-being. A comprehensive list of wellness related resources has been compiled and maintained by the Office of the Vice President for Student Engagement and Well-being ([student-resource-guide \(gatech.edu\)](http://student-resource-guide.gatech.edu))

ASSESSMENT OF LEARNING

These credits are graded on a **Pass/Fail (Satisfactory/Unsatisfactory)** basis. **Satisfactory" (S)** grade is assigned upon demonstrating adequate research progress, while **"Unsatisfactory" (U)** indicates insufficient progress.

ACADEMIC INTEGRITY

All students are assumed to have read the Honor Code and consented to be bound by it. Violations of the Honor Code are taken extremely seriously and will result in a failing grade for the course and referral to the Dean of Students for further action. Specific violations include (but are not limited to):

- **Unauthorized Collaboration:** Unauthorized interaction with another Student or Students in the fulfillment of academic requirements.

- Plagiarism: Submission of material (including words and ideas) that is wholly or substantially identical to that created or published by another person or persons, without adequate credit notations indicating the authorship.
- False Claims of Performance: False claims for work that has been submitted by a Student.
- Grade Alteration: Alteration of any academic grade or rating so as to obtain unearned academic credit.
- Deliberate Falsification: Deliberate falsification of a written or verbal statement of fact to a Faculty member and/or Institute Official, so as to obtain unearned academic credit.
- Use of AI to solely or in large part produce work that you present as your own.
- Use of AI in a manner that violates the policy specific to the assignment, assessment, or other work instructions.
