

Syllabus

LMC 3318 Biomedicine and Culture, 3 hrs

Fall, 2026

Instructor Information

Instructor: Thomas Hugh Crawford

Email: hugh.crawford@LMC.Gatech.edu

General Course Information

Description

The global pandemic put in stark relief a deficit of care in relation to Biopolitics and public health. This course will begin with recent philosophical articulations of the idea of Care (e.g., the work of Maria Puig de la Bellacasa) set against the concepts of Biopolitics and Biopower initially articulated by Michel Foucault and furthered by Giorgio Agamben and Achille Mbembe (among others) Students will complete a semester project based on the questions raised in the class and their own research interests.

Course Learning Outcomes

Learning Outcomes:

- Science and Technology Knowledge Construction: Students will understand that scientific and technological innovation occurs in a social context, and they will be able to recognize how the social influences scientific and technical discourses.
 - Textual/Visual Analysis: Students will learn to read, analyze, and interpret not only cultural projects such as film, literature, art, and new media, but also scientific and technical documents.
 - Interpretive Frameworks: Students will become familiar with a variety of social, political, and philosophical theories and be able to apply those theories to creative and scientific texts, as well as to their own cultural observations.
- Historical Analysis: Students will study literary and cultural texts within an historical framework to become familiar with the various forces that shape artistic and commercial production. They will learn to interpret history actively, rather than passively accepting archival information.
- Ethics: You will learn to recognize, assess, consider, and articulate the ways that ethical principles are deeply informed by humanistic and philosophical inquiry, which in turn shapes our lived histories, politics, and cultural expressions.

Required Course Materials

Achille Mbembe Necropolitics
Maria Puig de la Bellacasa Matters of Care
Stengers and Nathan Doctors and Healers
Giorgio Agamben Homo Sacer
Bruno Latour Pasteurization of France

Other PDF files on Canvas include Michel Foucault, Thomas Mann, Val Plumwood, and Gilles Deleuze

Grading Policy:

Course Requirements:

Discussion postings	1 grade
Hour Test # 1	1 grade
Hour Test # 2	1 grade
Final project	<u>2 grades</u>
total	5 grades

Description of Graded Components

Discussion Postings: For every class that there is a reading assignment, you will write a paragraph response to the day's assignment. This paragraph is not a summary, but instead is a response to the issues and questions raised by the author and by your peers' postings. These paragraphs must be posted on the discussion tab by 10:00am on the day of the assignment.

Final Project: On consultation with me, you will choose a topic and write a paper (or appropriate project) which will be due the last day of class and will be worth 2 grades. For this project you are to pick an idea or set of ideas discussed at some point during the semester (raised, by the readings or class discussion) and develop an extended discussion or analysis of a literary text of your choice (not one we read in class). I strongly recommend you choose an issue or idea and your supporting material based on your personal interests and knowledge. Please do not hesitate to call, email, or stop by my office to discuss possible topics and approaches.

Course Policies

Attendance and/or Participation

Class attendance is mandatory. First two absences are excused, further unexcused absences reduces final grade by 5 points each.

Academic Integrity

Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. Students are expected to act according to the highest ethical standards. Review [Georgia Tech's Honor Code](#) and the student [Code of Conduct](#).

Any student suspected of cheating or plagiarism on a quiz, exam, or assignment will be reported to the Office of Student Integrity, who will investigate the incident and identify the appropriate penalty for violations.

Core IMPACTS

[Core IMPACTS](#) is the University System of Georgia's General Education curriculum. If you are teaching a course that counts towards Core IMPACTS, you should include a syllabus statement about the Core area and associated [career competencies](#). [This resource](#) developed by the Center for Excellence in Teaching and Learning and Online Education at Georgia State University includes template syllabus statements for each of the Core IMPACTS areas that you may adapt for your course.

Accommodations for Students with Disabilities

If you are a student with learning needs that require special accommodation, [contact the Office of Disability Services](#) (404-894-2563) as soon as possible to make an appointment to discuss your special needs and to obtain an accommodations letter. Please also e-mail me as soon as possible in order to set up a time to discuss your learning needs.

Student-Faculty Expectations Agreement

At Georgia Tech, we believe that it is important to strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. [The Student-Faculty Expectations](#) articulate some basic expectations that you can have of me and that I have of you. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.

Campus Resources for Students

Undergraduate Student Academic Success Resources:

- Academic Support: Academic Success and Advising (a unit in the Office of Undergraduate Education & Student Success) provides free support for your courses. Students can attend scheduled supplemental review (PLUS) sessions, stop by Drop-In Tutoring, or schedule a one-on-one appointment through Knack. To explore what options work best for you, please visit us online at

success.gatech.edu/tutoring, email us at tutoring@gatech.edu, or come see us at Clough Undergraduate Learning Commons, Suite 283.

Student Well-Being:

At Georgia Tech, we are concerned about your overall physical, social, and mental well-being. A [comprehensive list](#) of wellness related resources has been compiled and maintained by the Office of the Vice President for Student Engagement and Well-being ([student-resource-guide \(gatech.edu\)](#))
