PURPOSE AND OBJECTIVES: MUSI 3121 (CONCERT BAND) provides ensemble performance experiences in a wide range of musical styles and periods for all students at GT. The music performed in these organizations varies from semester to semester and is selected to provide a challenging opportunity for musical growth.

By rehearsing and performing at the highest possible level of artistry, each student will be challenged to improve his/her individual musicianship and ensemble skills. The highest quality repertoire for wind instruments will be the core of the curriculum, allowing for a wide variety in the musical, educational, and philosophical foundations of the course.

An auditioned instrumental ensemble focused upon the rehearsal, study and performance of traditional and contemporary music for winds and percussion. The purpose of the class is to develop:

1. An understanding of instrumental technique in theory and practice
2. The application of harmonic, structural and aural skills in relation to instrumental performance practice
3. An experience with and knowledge of various instrumental repertoire, including works from major style eras and genres
4. The ability to present polished and professional performance throughout the semester

Upon completion of the course, each student will be able to:

1. Demonstrate and utilize proper instrumental technique
2. Read and understand traditional and contemporary musical symbols and notation
3. Discern, discuss and contextualize major genres of instrumental music
4. Apply harmonic and structural analysis in relation to instrumental performance

PROCEDURES: Class will meet Tues & Thurs from 2:00-3:15 p.m. for lecture and rehearsal. Attendance is *required*. The instructor is under no obligation to make up material presented in class unless the student provides a reasonable and, if appropriate, documented excuse. Some assignments may require additional lab and sectional time.

PREREQUISITE: Significant instrumental music experience and an audition are required. Auditions take place the first Tuesday of each semester.

ATTENDANCE:

Members earn one hour of academic credit for their participation. During the first week of classes, each student will receive a schedule of events for the entire semester including dress rehearsals, off-campus performance dates (if applicable), and concerts. Grades will be based on attendance at rehearsals and performances, including sectional rehearsals, and compliance with the stated schedule, including concert dress requirements. Students are urged to keep a personal calendar. There are no written exams.

Unexcused Absences:	None or One	A (semester grade)
	Two	B (semester grade)
	Three	C (semester grade)
	Four	Withdrawn from the course
		With an F for the semester

Rehearsals:

Rehearsals will take place in person in full ensemble in room 115 of Couch.

Excused Absences or Tardies: Any absence from a rehearsal (or tardy) must be cleared in **advance*** with the conductor.

- (Best)*
1. Contact the conductors in person, in advance. *
 2. Email the conductors in advance*
 3. Telephone the conductors in advance* and explain your situation.
 4. As a last resort, leave emergency messages on the answering machine at the phone number listed above in advance. *

*** It will be determined by the conductor if the requested absence or tardy is to be considered excused.** If illnesses occur frequently, you may be asked for written documentation from a physician. The mere fact that you have informed the conductors in advance about missing a rehearsal **does not** automatically guarantee that you will be excused. Please make your best attempt **not to schedule** routine health appointments (doctor, dentist, optometrist), job interviews, academic advising appointments, car repairs, etc. during the rehearsal time.

AUDITIONS:

An audition is required for seat placement and for membership in the ensemble. More importantly, it gives us an idea of the repertoire that will best serve this ensemble.

Option 2:

In either of these cases, adequate notification will be given in writing and be discussed in class.

STUDENT-FACULTY EXPECTATIONS:

At Georgia Tech, we believe that it is important to strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. The Student-Faculty Expectations articulates some basic expectations that you can have of me and that I have of you. Additional information for research-related work is given in The Expectations of Advisors and Advisees. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.
