CRN: 90494

Instructor: Henrik von Coler
Email: hvc@gatech.edu
Office: Couch 209
Office Hours: by appointment

1 General Course Information

1.1) Course Description

This course is for students holding graduate research assistantships (GRAs) as recognition of the academic contributions of GRA positions to a student's overall educational experience.

1.2) Learning Outcomes

By enrolling in this course, students will:

1. Gain experience in conducting research and assisting in research projects.

1.3) Attendance Policy

This course does not include scheduled class meetings.

2 Grading

This course is taken on an Audit basis and is not graded.

3 Course Policies and General Information

3.1) Communication

All relevant deadlines for submissions and assignments will be published in the course's Canvas page. All additional communication happens in a dedicated Microsoft Teams channel for the course.

3.2) Use of Tools, Code, and Media

In courses involving software, hardware, audio systems, or creative tools, students are expected to use institutional resources responsibly, back up their work, and document external materials clearly. When generative or assistive tools are used, students should be prepared to explain their process and indicate where such tools materially shaped the submitted work.

3.3) Academic and Research Honesty/Integrity Statement

Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. Students are expected to act according to the highest ethical standards. Review the student [Code of Conduct](#) and the [Academic Honor Code](#). Students are expected to perform research in an ethical and responsible manner.

3.4) Accommodations for Students with Disabilities

If you are a student with learning needs that require special accommodation, contact the [Office of Disability Services](#) (404-894-2563) as soon as possible to make an appointment to discuss your special needs and to obtain an accommodations letter. Please also e-mail me as soon as possible in order to set up a time to discuss your learning needs.

3.5) Student-Faculty Expectations Agreement

At Georgia Tech, we believe that it is important to strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. The Student-Faculty Expectations articulate some basic expectations that you can have of me and that I have of you. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.
