

GT 1000 Syllabus

First-Year Seminar, Section CB1, 1 credit hour

Fall 2026

Instructor Information

Instructor: Benjamin Galfond

General Course Information

Description

WELCOME TO GT 1000! This seminar course is designed to help you make a successful transition to college by becoming better acquainted with the academic and social environments here at Georgia Tech. Through the course, you will acquire strategies that promote academic, social, and professional success. This is a highly interactive course that requires active student participation and working collaboratively in small groups.

Pre- and/or Co-Requisites

There are no pre- or co-requisites for GT 1000.

Course Learning Outcomes

Upon successful completion of this course, students will:

1. Develop self-awareness and self-knowledge, particularly as it relates to academic interests and professional goals.
2. Describe their path to graduation and to identify opportunities for academic and professional enrichment with the assistance of a faculty member or advisor.
3. Demonstrate the ability to lead and productively participate in collaborative projects.

Required Course Materials

None.

Grading Policy:

In this course the following graded assessments and assignments are used to determine the course grade:

Professional Development	25%
Academic Plan	25%
Attendance and Participation	25%
Group Project	25%

Your final grade will be assigned as a letter grade according to the following scale:

Letter Grade	Percentage
A	90-100%
B	80-89%
C	70-79%
D	60-69%
F	0-59%

Course Policies

Creating an engaging and productive class experience is the responsibility of both the instructor and the students involved. To ensure you are getting the most out of our class and contributing positively to our learning environment, please be mindful of the following:

1. Please create a habit of checking your GT e-mail and Canvas daily. Important class announcements and information will be posted to Canvas, and you want to make sure you're fully equipped for success.
2. Grades will be posted to Canvas throughout the semester. It is your responsibility to keep track of your submitted assignments and grade progress throughout the semester. If something seems missing or off to you, please reach out to me to discuss.
3. GT 1000 is designed to be informative, helpful, and fun! However, the class is graded and does carry one credit towards your degree. For that reason, it is important that all assignments you submit be high quality. Please double check your work for spelling, capitalization, and grammatical errors. This practice is also good for creating a habit of professionalism.
4. You can expect that as your GT 1000 instructor, I will come to class each day ready to engage you in learning about Georgia Tech and learning how to be successful academically and professionally. Each session will be structured to encourage your

active participation, so please come prepared to participate and contribute to the class.

5. To ensure everyone feels safe, heard, and able to learn in our class, please demonstrate appropriate classroom behavior at all times. This means that you should speak and act in a respectful manner towards your classmates, your Team Leader, and your instructor. To review the Student Code of Conduct, please visit <https://policylibrary.gatech.edu/student-life/student-code-conduct>.

Attendance and/or Participation

This class is designed for students to become active participants, so it's vital that all students attend each class session and are fully engaged in all class activities. This means that you'll need to do more than just show up at the appointed time and place—you'll also need to come to class prepared to participate.

Please attend every scheduled meeting on time. That said, if you are exhibiting any symptoms of illness (fever over 100.4 F, coughing, nausea, etc.), please stay home to rest, seek medical attention if appropriate, and contact me as soon as possible. Excessive lateness and absences (3 or more per semester) can negatively impact your final grade outcome. If you have extenuating circumstances, I will try and work with you to address those challenges. Please communicate early and often if you are struggling with issues that may call for accommodations.

Academic Integrity

1. GT 1000 is a class based in your own discovery, exploration, and reflection of what you want your time at Tech and professional life to be. Unpacking your thought processes based on information you acquire through campus resources is a major component of the assignments. Therefore, the use of AI is strongly discouraged. If you wish to use AI as part of your brainstorming process, that is fine; however, per the Georgia Tech Honor Code, no work produced via AI should be submitted as your own. If you have questions about what constitutes acceptable use, please see the instructor.

The Georgia Tech Academic Honor Code applies to all work submitted in this course. To review the Honor Code, please visit <https://policylibrary.gatech.edu/student-life/academic-honor-code>.

Core IMPACTS

Not applicable for this course.

Accommodations for Students with Disabilities

If you are a student with learning needs that require special accommodation, [contact the Office of Disability Services](#) (404-894-2563) as soon as possible to make an appointment to discuss your special needs and to obtain an accommodations letter. Please also e-mail me as soon as possible in order to set up a time to discuss your learning needs.

Student-Faculty Expectations Agreement

At Georgia Tech, we believe that it is important to strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. [The Student-Faculty Expectations](#) articulate some basic expectations that you can have of me and that I have of you. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.
