Course Description

Academic credit for research toward the Master's thesis, carried out under the direction of the thesis advisor.

Course Learning Outcomes

Upon successful completion of this course, students should be able to:

- Conduct independent research on a defined thesis topic.
- Write and defend a Master's thesis.

Required Course Materials

None. Research resources are determined with the instructor.

Grading Policy

Grades are based on progress toward the goals agreed with the instructor at the start of the term, assessed through regular meetings and the agreed deliverables.

Attendance Policy

No scheduled class meetings. Meeting frequency and format are set by mutual agreement and are consistent with the credit hours enrolled.

Academic and Research Integrity

Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. Review the Student Code of Conduct and the Academic Honor Code, including Appendix A (Graduate Addendum). Students must conduct research ethically and complete the required Responsible Conduct of Research training. Suspected violations are reported to the Office of Student Integrity; allegations of scholarly

misconduct follow the Institute Policy for Responding to Allegations of Scientific or Other Scholarly Misconduct.

Core IMPACTS

Not applicable.

Accommodations for Students with Disabilities

Contact the Office of Disability Services as soon as possible, and email the instructor to discuss your needs.
