

Capstone Engineering Design II

Last Updated: Thu, 02/05/2026

Course prefix: MSE

Course number: 4420

Section: A

CRN

28717

Instructor first name: Mary

Instructor last name: Realff

Semester: Spring

Academic year: 2026

Course description:

Using engineering design principles, the students work in teams to solve an industrially inspired design problem. The student teams will work with their sponsor to more fully understand the problem and ultimately propose a solution based on the design process and prototype data.

Academic honesty/integrity statement:

Students are expected to maintain the highest standards of academic integrity. All work submitted must be original and properly cited. Plagiarism, cheating, or any form of academic dishonesty will result in immediate consequences as outlined in the university's academic integrity policy.

Core IMPACTS statement(s) (if applicable):

This is not a core IMPACTS course.
