

Health Sensing

Last Updated: Tue, 03/17/2026

Course prefix: CS

Course number: 4711

Section: A

CRN

57905

Instructor first name: Alexander

Instructor last name: Adams

Semester: Summer

Academic year: 2026

Course description: Through understanding the principles physiology, medical devices and health technologies, we experiment with and design precision health sensing and feedback hardware and software

Academic honesty/integrity statement:

Students are expected to maintain the highest standards of academic integrity. All work submitted must be original and properly cited. Plagiarism, cheating, or any form of academic dishonesty will result in immediate consequences as outlined in the university's academic integrity policy.

Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. Students are expected to act according to the highest ethical standards. [Review Georgia Tech's Honor Code](#) and the [student Code of Conduct](#).

Any student suspected of cheating or plagiarism on a quiz, exam, or assignment will be reported to the Office of Student Integrity, who will investigate the incident and identify the appropriate penalty for violations.

Core IMPACTS statement(s) (if applicable):
