

# Doctoral Thesis

---

Last Updated: Tue, 03/17/2026

**Course prefix:** PUBP

**Course number:** 9000

**Section:** CS

**CRN**

55897

**Instructor first name:** Cassidy

**Instructor last name:** Sugimoto

**Semester:** Summer

**Academic year:** 2026

**Course description:** Placeholder

**Academic honesty/integrity statement:**

## Course Policies

All work for this class is to be done individually. You are strongly urged to familiarize yourselves with the [GT Student Honor Code](#)[Links to an external site.](#) rules.

Specifically, the following is not allowed:

- Copying, with or without modification, someone else's work when this work is not meant to be publicly accessible (*e.g., a classmate's program or solution*).
- Submission of material that is wholly or substantially identical to that created or published by another person or persons, without adequate credit notations indicating authorship (*plagiarism*).
- Putting your projects on public. Otherwise, if a student (*in the future*) copies your codes/projects, the student obviously violates the honor code but you will also be implicated.

## Academic Integrity

Students are expected to uphold the highest standards of academic integrity. Any form of cheating, plagiarism, or dishonesty will not be tolerated and may result in disciplinary action.

**Zero Tolerance Policy on Cheating and AI Assistance (e.g., Chat GPT, Gemini)**

We maintain a strict zero-tolerance policy regarding academic dishonesty, including the use of ChatGPT and other AI tools. Any student found using AI to complete assignments/quizzes/exams will be reported immediately, receive a grade of zero for the submission, and risk a final grade of F.

### **Disability Accommodations**

If you require any accommodation due to a disability, please inform the instructor at the beginning of the course to ensure that appropriate arrangements can be made.
